HERE AT HOME.

Maysville Citizens Gladly Testify.

It is testimony like the following that has placed "the Old Quaker Remedy" so far above competitors. When people right here at home raise their voice in praise there is no room left for doubt. Read the public statement of a Maysville citizen:

Mr. Elias Scudder, nurseryman, residing at 215 Caste street, says:

"I had a good deal of pain at times in my right kidney and it constantly grew more persistent. When I learned of Doan's Kidney Pills I could hardly sit down in a chair or rise without placing my hands to my back, and should I thoughtlessly bend over it pained me severely to straighten. I procured Doan's Kidney Pills at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets, and their use effected an absolute cure."

For sale by all dealers. Price 50c.

Embroideries!

Nainsooks, Cambrics, Swisses are the foundations. And they are fine—not uneven, not coarse, not loaded or sized with starch. These are matched sets, including full and demi-full flouncings, allover, edgings and insertings in all widths, headings, galloons and motifs that may be separated. There are delicate effects in tuckings and French embroidery plain or combined with lace. There are elaborate designs in demi-flouncings for skirt ruffles and corset covers both in blind and open-work effects. St. Gall hand-run shutties do all the work. Margins are wide, scallops are buttonholed and deep, strong and cut out. The same patterns running through several widths are appreciated by women of fastidious taste. Prices mean little apart from the goods. Come here and SEE what values you can get in edgings and insertings for 5c, 10c, 15c. In allovers for 50c, 75c. In elaborate edgings, headings and insertings for 19c, 25c, 35c. In very fine allovers for \$1, \$1.25, \$1.50.

A Scientific Discovery.

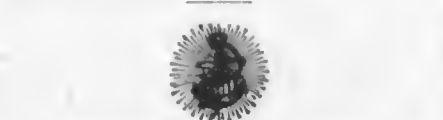

Kodol does for the stomach that which it is unable to do for itself, even when but slightly disordered or over loaded. Kodol supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the indigestible muscles of that organ are allowed to rest and heal. Kodol digests what you eat and enables the stomach and digestive organs to transform all food into rich, red blood. J. J. Wood & Son.

Stockings

FOR WOMEN.

It's a long time yet to the season of light weight in hosiery. Here is a stocking that ought to interest every woman with two feet. At 15c a pair. Winter weight cotton, black with unbleached feet, split soles or all black, soles, heels and toes reinforced. Stockings dyed with a black that makes them stay black. There's importance in hosiery buying, as to how many profits you pay. For a long time we have reached past all middlemen and bought from the men who make hosiery. If we purchased in the ordinary way the stockings we describe today would be 20c instead of 15c.

We Have Decided

That the easiest way to clear out winter stock is to act in season, dump all our best lines, slash prices and give our friends a chance to buy good, stylish footwear at a sacrifice of more than profits. We are carrying far too heavy a stock for the time of year and are going to name prices that will make room for spring purchases. Beginning today we place on sale

MEN'S \$3.50, \$4 and \$4.50 SHOES at \$3.

MEN'S EXTRA FINE \$5 and \$6 SHOES at \$4.

EX-SENATOR WOLCOTT deprecates the introduction of Kentucky methods into Colorado, but then goes on to appeal to all Republicans to stand by the proposition arbitrarily to unseat all the delegates from Appaloosa county. Commenting on the attitude of Mr. Wolcott, The Louisville Evening Post reverts to the disgraceful proceedings at Frankfort during the legislative session of 1896, yet fails to see in what respects the situation in Colorado, or the program of either party, justifies the former Senator from Colorado reflecting on Kentucky.

The history of Kentucky is one of warning, not for imitation, and yet Tennessee and Indiana first practiced the so-called Kentucky methods, and Delaware and Colorado are imitating them. Bad as we are in Kentucky, unfortunately we do not stand alone.

Mr. Wolcott is supported by a majority of the Republican members duly elected, but—like Senator Blackburn in the Democratic caucus in Kentucky in the session of 1896—he cannot command the support of his own party.

Like Senator Blackburn, he declines to take any course which will unite his party on any one candidate insuring his election.

The friends of Mr. Teller hope by keeping the Republicans divided they may, by Democratic votes, elect Senator Teller.

It was possible in Kentucky in 1896, says The Post, for the Republicans, who could not unite on a Republican candidate, to elect Secretary CAMPBELL by the aid of the Gold Democrats, but they were not equal to the emergency, and let slip the greatest opportunity that ever came to any party in this state.

But the Republicans were not only unable to rise to this occasion; they were not able to cast a solid Republican vote for any Republican candidate, and the Legislature adjourned without electing a Senator.

The "even balance" was maintained by threats of revolution coming from the Blackburn camp, and by revolutionary acts. The Legislature was intimidated. Dr. WALTON and Mr. JAMES, Republicans, were forcibly expelled, and armed men, breathing out threatening and

slaughter against independent Democrats and Republicans alike, filled the cloakrooms. Representative government was overthrown in Kentucky for the first time, but not for the last.

In 1899, in the Democratic Convention at Music Hall, one-third of the delegates were expelled, jointly, not severally.

If we understand the news from Denver this is what Senator Wolcott says must be done by the Colorado Legislature. It is altogether revolutionary, and the only precedent for it is the precedent set by the Democratic Convention at Music Hall. No such method was ever adopted by the Kentucky Legislature.

There was in the Legislature which assembled January, 1900, some remarkable proceedings. The vote of Louisville determined the result in the contests for state officers. It was necessary to declare the election in Louisville null and void in order to show a majority for the defeated candidate.

Yet, in order to secure such a declaration from the Legislature, it was necessary to have the votes of four Democratic members from Louisville elected at the election which it was necessary to declare null and void.

The Legislature seated the Louisville delegation. It heard contests against certain Democratic members from Louisville and decided them in favor of the Democratic claimants. Then it unseated other Representatives, separately, not jointly, until they had a working majority. Then it declared, by aid of the Louisville Representatives, that there had been no election in Louisville, and declared GOEBEL and BECKHAM elected.

The vote on the contest was not taken until Senator GOEBEL was shot, and in fact there was no legislative session held which the journal says was held, but in Kentucky we do not go behind a journal written by Democrats for Democrats.

That is the story. It runs on parallel lines to that opening in Colorado. It was a revolution wrought by men who would not abide by the will of the people expressed at the polls. It was party rebellion against representative government. It commits the Democratic party for a time at least to the support of a political oligarchy erected on the ruins of popular and representative government, but it will ultimately destroy the Democratic party in Kentucky. It is maintained only by crime against the ballot, and these crimes must some day end.

We venture to suggest to the Republicans of Colorado that they abide unwaveringly by the voice of the people; that they stand by the principle of representation; that they do no wrong and consent to none, and that they do not exaggerate the importance to a party, to a faction, or to a man, of one seat in the Senate.

The postal service is confronted with a stringency in the supply of mail sacks and pouches and has called on all Postmasters to forward immediately all available sacks, pouches and mail locks to the various mail equipment depositories. It is estimated that there are 200,000 mail sacks and many thousands more of pouches and locks lying idle in Postoffices throughout the country.

Hens Beat Wheat.

Do you know that the total value of the eggs produced in this country last year almost equaled the value of the wheat crop? Seems hard to believe, but that is what statistics show. Even then it was necessary to import eggs to supply the home demand. The profits of your poultry yard can be readily increased if you will supply your hens with

COME AND SEE US.**

We don't want any one in this city to drag themselves through life in pain and misery for the want of enough strength to feel well and happy.

If you feel listless, without ambition and run down, it is a bad sign. You are running grave chances. You are in a condition to be attacked by most any disease.

This feeling of debility is a symptom that your system is generally demoralized. You should take a tonic.

You should take Vinol, which we know and will guarantee will restore your strength.

Following is one case where it did this. Mrs. T. H. Hoyle, of 56 Chestnut St., West Newton, Mass., says:

"Last spring I used one bottle of Vinol. At that time I was all run down and sick. I find that it did me lots of good, and by its use my strength came back to me."

Vinol is a delicious preparation, containing the active curative principles that are found in cod-liver oil, dissolved in a delicate table wine.

Vinol acts directly on the stomach, aiding digestion and at the same time creating a healthy appetite. It gives strength and vigor to every organ of the body.

We endorse Vinol, and guarantee its action, and will gladly refund to any one who is not satisfied the money which they paid for it.

River News

The ice has about disappeared from the river.

The Lizzie Day will pass up tonight for Pomeroy.

Towboats are pushing empties up the river as fast as they can.

A small run of coal will be gotten out of the Kanawha on this rise.

There is plenty of coal loaded at Pittsburgh waiting for a rise.

The Henry M. Stanley will be down tomorrow night from Pomeroy.

The Keystone State from Pittsburgh will be down Thursday morning.

The J. B. Lewis and Val P. Collins passed up with Kanawha empties.

A good boating stage is on the river at present, which is being taken advantage of by the packet lines.

The big City of Louisville was pulled out onto the Madison Ways yesterday. The Indiana takes her place in the Louisville-Cincinnati trade.

The big Manchester docks, which are the only independent dry docks at Pittsburgh at the present time, have been purchased by C. Jutte & Co.

Captain Judson Merrill has become sole owner of the upper Ohio packet steamer Barasdale, formerly owned jointly by Merrill and Captain Henry Roe. Consideration private. The boat will continue in the Marietta-Sistersville trade under Merrill's captaincy.

The Virginia of the Pittsburgh Packet Line, which was to have left Pittsburgh for Cincinnati Saturday afternoon, did not depart on account of the uncertain condition of the river above. It is claimed that with a short spell of cold weather, with the river in its present condition, there would be a freeze-up that would interfere with the safe navigation of boats.

George West, an unknown deckhand on the towboat Mariner, was in some manner missed from the boat after the boat left Hall's wharf in the Ohio river, and he is supposed to have drowned. He shipped from Pittsburgh to Louisville on the G. W. Thomas and reshipped from there to Pittsburgh on the Mariner. While his ability was recognized above the ordinary nothing was known of him by any of his mates.

LESSON IN AMERICAN HISTORY IN PUZZLE

**BATTLE OF THE BONHOMME RICHARD AND SERAPIS.
Find Captain John Paul Jones.**

No more thrilling and heroic incident connected with the history of America can be found than that of the capture of the English frigate Serapis, commanded by Capt. Pearson, by the Bonhomme Richard, commanded by Capt. John Paul Jones. It occurred on the evening of September 21, 1779, off Flamborough head on the English coast. Every circumstance was against Jones; his strongest battery was disabled at the first fire; he had on board a large number of English prisoners; his crew and number of guns were less than those of his antagonist, but in the face of these he fought with a rapidly sinking ship under him until the British captain was forced to surrender.

Dr. Pierce's GOLDEN MEDICAL DISCOVERY Restores LOST FLESH AND STRENGTH

"I was a total wreck—could not sleep or eat," writes Mr. J. C. Beers, of Berryman, Crawford Co., Mo. "For two years I tried medicine from doctors but received very little benefit. I lost flesh and strength was not able to do a good day's work. I commenced taking Dr. Pierce's Golden Medical Discovery, and when I had taken one bottle I could sleep and my appetite was wonderfully improved. I have taken five bottles and am still improving."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore, accept no substitute for "Golden Medical Discovery."

C. Jutte & Co. of Pittsburgh have for some time been expecting to close a deal for the sale of a number of loaded coalboats to Boston (Mass.) interests, but the contracts could not be taken for the reason that the firm has been unable to secure ocean vessels to transport the coal. Foreign vessels would not ply the coast trade—that is, they would not run from one American city to another, and for this reason the idea was abandoned.

The parties who have had the steamer Helen M. Gould seized for debts due are pressing for the immediate sale of the boat. William J. M. Simpson, for the Queen City Marine Railway Company, has applied to the United States Court to order a sale without delay. The expenses of keeping the boat, insurance and the dangers to which it is exposed to the ice in the river are among the reasons given why it should be sold at once. Sam Par one has a mortgage on the boat for \$10,000, and gave notice that he, too, was willing to have an immediate sale. It is expected that the sale will be set for a week from today. Some lively competition is looked for among the rivermen who wish to get possession of the Gould.

Progressive eulchre was severely censured by the Shelby County Grand Jury, and in its report a call was made to the officials and all good people generally to lend their influence to suppress the game.
